PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science student targeting a Software Development Intern role in backend engineering. Hands-on with Python (NLP and machine learning projects) and Java (Core Java, OOP, Spring Boot), with a solid grasp of REST APIs, SQL, Data Structures and Git/GitHub. Focused on writing clean, maintainable code, debugging methodically, and learning by building.

TECHNICAL SKILLS

Programming Languages: Python, Java

Backend & APIs: RESTful API Development, Spring Boot, Object-Oriented Programming (OOP)

Databases: SQL

Fundamentals: Data Structures, Computer Networks (CCNA: Introduction to Networks)

Tools: Git, GitHub, VS Code, Tableau, MS Excel

PROJECTS

Automated Resume Analysis and Skill Suggesting Website using NLP Jan 2024 – May 2024

- Built an NLP-based resume analysis system in Python that extracts candidate details and matches resumes against job requirements.
- Designed a skill-matching score algorithm to help recruiters shortlist candidates quickly and accurately.

AI-Powered Career Recommendation System Jan 2025 – Apr 2025

- Developed a Python machine learning system that gives personalized career suggestions from a user's skills, interests and academic background.
- Used data-driven recommendations to bridge the gap between academic profiles and industry requirements.

EXPERIENCE

Data Analytics Job Simulation — Deloitte Australia (Forage) Jun 2026

- Built an interactive Tableau dashboard and used Excel to classify data and draw actionable business conclusions.
- Turned raw data into evidence-based recommendations through structured analytical problem-solving.

EDUCATION

B.Tech — Computer Science & Engineering

Manakula Vinayagar Institute of Technology, Puducherry

CGPA: 8.1

Aug 2024 – May 2027

Diploma in Computer Science & Engineering,

Dr. B.R. Ambedkar Polytechnic College, Yanam

Percentage: 76%

May 2022 – Jun 2024

Secondary School (SSC),

Dreams Foundation High School, Yanam

CGPA: 9.8

Jun 2020 – Mar 2021

CERTIFICATIONS

- Python Programming — Skill Rack
- Java Backend Development — TNSIF, Accenture
- CCNA: Introduction to Networks — Cisco Networking Academy
